

MISSION AND PURPOSE

The Illinois Council of Teachers of Mathematics (ICTM) was organized in 1949 to create a community of PreK through Post-graduate educators promoting equitable, high quality mathematics teaching and learning through leadership, collaboration, advocacy and professional development.

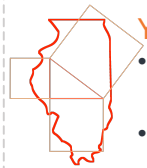

ICTM is the state leader in mathematics education. It is committed to supporting sound pedagogy, teacher collaboration, and professional development, while ensuring student achievement through engagement in meaningful and rigorous instruction.

The purposes of the Council are to encourage active interest in all areas of mathematics and mathematics education, to enhance the teaching and learning of mathematics, and to provide opportunities for the exchange of views regarding the teaching and learning of mathematics.

As an affiliate of the National Council of Teachers of Mathematics, ICTM works to promote professional standards on the national level. In Illinois, ICTM works with its Cooperative and Affiliate Groups along with the Illinois State Board of Education to improve mathematics and the teaching of mathematics.

PROFESSIONAL ACTIVITIES

- The ICTM Annual Conference is organized every fall. This conference is an excellent opportunity to hear national and local speakers, participate in workshops, and exchange ideas with other teachers. ICTM now partners with ISTA (the Illinois Science Teachers Association) for the Annual Conference.
- Several Regional Conferences are sponsored across the state.
- Earn Illinois Professional Development Hours by participating in ICTM's monthly webinars
- The Annual Math Contest includes regional competitions and state finals for both high school and junior high/middle school.
- Several scholarships are sponsored in order to support future teachers of mathematics.
- Many awards are given at the Annual Conference to honor outstanding contributions to mathematics education in Illinois.

YOU SHOULD JOIN ICTM BECAUSE...

- Connect with other educators working to improve mathematics education.
- Participate with other members through the ICTM Listserv, webinars, and social media outlets.
- Attend professional development conferences. (If you are a member, your conference savings will exceed the price of membership!)
- Earn Illinois Professional Development Hours by participating in ICTM's monthly webinars.
- Receive regular communications from ICTM about conferences, professional development opportunities, and items of interest to Illinois teachers of mathematics.
- Participate in Council elections and become part of the ICTM Board.
- Have access to the *Illinois Mathematics Teacher* journal with articles about mathematics and teaching mathematics at all levels.
- You are eligible to be a nominator and recipient of annual ICTM awards.
